

Zenith carburetor spares

Austin Seven spares are usually easy to find but my recent experience trying to purchase two new jets for my 26VA proved difficult. I thought I would share with you three possible suppliers but it was the third in the list below that stocked the Main Jet and Compensating Jets that I required. All three were extremely helpful and I emphasize that I have no connection with any of them, other than being a satisfied customer.

- Burlen Ltd www.burlen.co.uk 01722-412500
- Classic Fuel Systems www.classicfuelsystems.co.uk 01274-684143
- Albert Smith - 07966-815282 (Mr. S.A. Smith. 85, Larch Street, Nelson, Lancs BB9 9RJ

..... Michael W.

Editor's Note: A7 Components - David Cochrane Tel 01788 522033 and Austin Repro – Willie Makenzie Tel 01202 625242 both also list 26VA carburettor jets in their catalogues.
